Professional Summary

Software Engineer with over 3 years of experience in .NET Core, Angular, MS SQL, Oracle, and automation using .NET Framework. Skilled in building scalable APIs, implementing in-memory caching for performance gains, and developing Tekla automation tools. Experienced in database migration, CI/CD processes, and Agile methodologies. Seeking a .NET/Angular Developer role to deliver efficient and high-quality software solutions.

Technical Skills

Languages: C#

Frameworks & Technologies: .NET Core, .NET Framework, Angular

Databases: Oracle, MS SQL Server

Tools & Platforms: Git, Jira, Scrum & Kanban, Tekla Open API

Professional Experience

Software Engineer

Stridely Solutions India Pvt Ltd — Baroda, Gujarat, India

July 11, 2022 – Dec 27, 2024

Responsibilities:

- Developed and maintained enterprise-level .NET Core Web APIs and Angular applications for a US-based client.
- Built automation tools and plugins for Tekla Structures using .NET Framework.
- Collaborated across teams to enhance architecture, workflows, and system reliability.

Key Achievements:

- Implemented in-memory caching on frequently accessed APIs, improving response times by 30–40%.
- Led full Oracle → MSSQL database migration, including schema redesign, code updates, environment setup, and production deployment.

- Developed Tekla automation plugins, reducing manual modeling time by up to 40%.
- Optimized API performance through query tuning and backend refactoring.
- Managed development and production environments to ensure smooth and stable releases.

Software Engineer

Infinite Software Services Nepal Pvt Ltd — Kathmandu, Nepal

Jan 13, 2025 – Sept 8, 2025

Responsibilities:

- Worked on enterprise healthcare applications for a US-based client.
- Developed backend services and UI components using .NET Core, Angular, and Oracle.

Key Achievements:

- Implemented Angular unit tests using Jasmine/Karma, improving frontend reliability.
- Resolved critical API issues and optimized backend logic for better performance.
- Delivered features efficiently within Agile/Scrum environment in a compliance-focused domain.

Education

Bachelor of Technology (B.Tech) in Information Technology

Parul University, India — 2022

+2 Science

Oxford Academy, Butwal, Nepal — 2018
